

CYBER DEFENSE-IN-DEPTH

The most comprehensive cybersecurity services available

BRIT
GLOBAL SPECIALTY

When a “good offense” isn’t an option, choose a strong defense.

SecurityVue – Finding Security Gaps Before They Do

SecurityVue scans your internet-facing assets, just like cyber criminals do when planning an attack. We find the problems and tell you how to fix them . . . before the cyber-attack.

Unlimited Expert Advice

Our technical experts and privacy attorneys assist with any cybersecurity question.

Employee Training

Employees are often the gateway to a successful cyberattack. Train them with over 4 hours of online courses in 15 different training programs.

Knowledge Center

24/7 online access to hundreds of cybersecurity guidance documents, sample policies/procedures, agreements, incident response planning materials, risk assessment tools, vendor management resources, and more.

Phishing Simulations

Deploy a phishing campaign to help employees identify phishing emails. Results are delivered with advice to implement online training courses to educate the susceptible employees.

News and Threat Alerts

Stay up to date with our monthly newsletter, cyber byte reminders, training emails, and cyber threat alerts.

Get Access in a Minute

Visit DataSafe.BritInsurance.com, click "Register" at the top right, and follow the steps. Use your policy number (no dashes, no spaces) as your "sign-up code."
